BELMONT - Walk and Cycle Information

How do you get around?
 A travel survey of residents in the Perth metropolitan area found that 80% of trips were made by car, and most were by the driver on their own. There are travel alternatives available in your local area. By walking, cycling or using public transport you can reduce your car trips and help to:

- reduce local traffic
- reduce air pollution and greenhouse gas emissions
- improve your health through physical activity
- reduce your travel costs

Whatever you are going, consider your options - that's what being TravelSmart is all about.

Public Transport
 Public Transport is a quick and convenient option for many trips. When travelling on public transport, you can sit back and relax, saving on car running and parking costs. Try catching public transport to shops, sport events, concerts or other attractions.

SmartRider Information:
 SmartRider is Transperth's electronic ticketing system. It's a more convenient and secure way to pay for your travel on Transperth services. Your SmartRider records your journey details (when you tag on and tag off all Transperth buses, trains and ferries) and the appropriate fare is deducted from the stored value on your SmartRider. When you travel using SmartRider you save 15% to 25% off cash fares every time you use public transport. You can add value to your SmartRider via: Autoload (direct debit), BPay, at Transperth InfoCentres and selected SmartRider Retail Sales Outlets, Add-Value Machines at train and bus stations, and on board buses and ferries. Cash tickets are also available. To find out more about the benefits of SmartRider or to find where your nearest SmartRider Retail Sales Outlet is located, visit the Transperth website at www.transperth.wa.gov.au or call the Transperth InfoLine on 13 62 13.

Public Transport hints:

- Timetables and guides for Transperth services are available at Transperth InfoCentres, Council offices and libraries. For information on wheelchair accessible Public Transport services call 13 62 13.
- To view bus, train or ferry times on your WAP enabled mobile - simply enter 136213.mobi into the browser, then follow the links. (For buses, enter the 5 digit stop number found on the timetable information unit or the orange bus stop pole.)
- To download timetables to your PDA or iPod, go to the website, www.transperth.wa.gov.au and follow the links to 'timetables' and 'services 4 mobiles'.

TravelSmart Workplace:
 TravelSmart Workplace assists businesses, government agencies and local councils to promote travel alternatives to employees and visitors. Cycling, walking, public transport, carpooling and teleworking are all TravelSmart options. Your workplace can be part of the transport solution through TravelSmart Workplace - find out how at www.transport.wa.gov.au/travelsmart.

Walk or Cycle
 There are many short trips where travelling on foot or bicycle is a good alternative to driving. A recent travel survey found that almost half of the car trips made by residents are 5km or less, 30% are 3km or less and some are just a few hundred metres.

This shows that walking or cycling is possible for many trips - such as going to the local shop or getting the kids to school. And it is a way of fitting healthy physical activity into your everyday life.

Walking hints:

- Two trips a day will go a long way to help you 'Find 30' minutes of exercise.
- Be courteous to cyclists on shared paths by keeping left.
- For more information on great Perth walks and other useful walking information go to: www.transperth.wa.gov.au/walking or www.belmont.wa.gov.au.

Cycling hints:

- Find a convenient cycle route. Use this map or one of the Perth Bike Map Series (more comprehensive cycling maps) that can be purchased from bike shops.
- Wear a helmet and bright clothing.
- At night, use front and rear lights.
- Talk to regular cyclists for advice on local cycling conditions.
- Be courteous to walkers who use shared paths and always give way to pedestrians.
- Information about taking bikes on Perth public transport can be found on the Transperth website: www.transperth.wa.gov.au.
- For further cycling information visit: www.transport.wa.gov.au/cycling.
